MEMORANDUM FOR: Mr. Huntington Sheldon

1. The Bureau of the Budget has sent us a list of issues which are proposed for discussion during a meeting between the Secretary of Defense, Director, Bureau of the Budget, and the DCI on Tuesday, 31 July. Annexed is a memorandum quoting one of their statements which relates to the Government's command and control system, with particular reference to the "indications" problem.

2. I should greatly appreciate any comments on this statement which you think appropriate for DCI consideration sometime, if possible, prior to Friday noon. We plan to brief the DCI on Monday morning.

JOHN A. BROSS
Comptroller
